## Indians Strike From Air, Take Homnabad

### Ground Forces Move Closer To Capital

New Delhi, Sept. 15.—(AP)—Indian forces aided by parachute troops, today captured Homnabad, important road junction 84 miles west of the capital of Hyderabad, on an army headquarters report said.

In the southeast sector Indian troops advancing from Suriapet against stiff opposition squeezed even closer to Hyderabad City and its military suburb of Secunderabad, the report added.

A military informant in Madras predicted that those two cities—chief goals of the invading Indian armies—might be reached Thursday or Friday.

**Also Capture Khammam**  
An Indian army spokesman here said Indian troops also captured Khammam, a rail town 110 miles east of Hyderabad City. But he added Hyderabad State troops and Razakars, volunteer Muslim fighters, were digging in and that Indian troops were meeting much stiffer resistance.

The defense ministry reported also the surrender without opposition of Aurangabad, second largest city in the princely state, and its entire principality in the northwest. Indian forces claimed virtual control of the entire northwest corner of Hyderabad.

(A Karachi dispatch said Hyderabad officials had not confirmed surrender of Aurangabad. Hyderabad advised today of stiff fighting on the border of Berar, which adjoins the state on the north, and claimed 2,000 irregulars repulsed Indian forces near Hospet in the southwest.)

**Refuse To Join India**  
Hyderabad was invaded Monday by troops of the Indian dominion, which wants the independent state to join India. The Moslem nizam, ruler over more than 16,000,000 subjects, has refused despite the fact his state is predominantly Hindu and surrounded entirely by Indian territory.

The Indian troops stabbed three miles forward from Suriapet, bringing them to within 75 miles of their goal, and their advance is continuing, defense headquarters said. Indian aircraft is supporting the ground troops, who had been held up there for two days. Capture of Homnabad represented a 10-mile advance from Rajasur, which fell yesterday. Hyderabad forces put up a strong fight at Homnabad, army sources said.

## Scott Emphasizes Republicans Are Friend Of Labor

Chicago, Sept. 15.—(AP)—The Republican national chairman, Rep. Hugh D. Scott, Jr., said today that the AFL political league's support of 1 Democratic senatorial candidates makes "a lot of labor leaders very unhappy about having to carry out orders from the top."

Scott told newsmen during a Chicago visit that "the time will come when the real friends of labor inside the unions will show that their future and labor's future lies in the Republican party."

He referred to the league's announcement in Washington today that it is opposing eight Republicans' senatorial candidates.

The AFL and CIO presidents, William Green and Philip Murray, "have to hold their noses" when they favor Democratic nominees, he said.

Scott is en route to campaign conferences in Louisville, Kansas City and Dallas. He told Illinois party leaders here today that Maine election results "substantiate" poll predictions of a Dewey-Warren victory Nov. 2, "but there is no justification for any degree of complacency."

## Truman Agitated Labor Rift: Taft

Cincinnati, Sept. 15.—(AP)—Senator Robert A. Taft (R-Ohio) said today President Truman "has encouraged the open defiance of the law now engaged in by some of the more radical labor bosses."

He called Mr. Truman's attack on him yesterday "merely an attempt to curry favor with the labor bosses who control the labor publicity to which he is looking for help in the election."

The accusation, Taft said, "only shows that we have reached the silly season in politics."

The president released a letter yesterday, addressed to David P. Findling, NLRB associate general counsel, accusing Taft of an "entirely improper" attempt to "put the heat" on the NLRB to act against the International Typographical Union, AFL.

## Government Blames Meat Packers For High Prices

Chicago, Sept. 15.—(AP)—The government fired anti-trust charges at the country's four major meat packers today in a shot aimed at splitting them into 14 "separate and competing" companies.

The civil suit accused Swift and Company, Armour and Company, the Cudahy Packing Company and Wilson and Company, Inc., of conspiring to monopolize the interstate trade of cattle purchases and slaughters.

These alleged acts, the suit said, have resulted in higher meat prices to consumers.

The packers denied the charges. John Holmes, president of Swift, called the suit an attempt to "shift responsibility for inflationary prices" during the fall political campaign.

Attorney General Tom Clark said in Washington that the suit seeks to divide Swift and Armour each into five separate companies; Cudahy and Wilson each would be divided into two separate companies.

The court action, Clark added, is "another in a series of cases instituted by the Department of Justice in furtherance of its program to free the production and sale of food and

## Liberty Ship Annoyed By Planes Near North Korea

Tokyo, Thursday, Sept. 16.—(AP)—The Liberty ship Moses Brown radioed today it was circled Monday night by two unidentified planes which dropped parachute flares.

There was nothing in the vessel's radio report to its agents in Japan that it had been fired upon, as had been reported earlier. (The earlier report was received also by the State Department in Washington, but the department had no details.)

Myles S. Waterman of the C. F. Sharp Co., agents for the Shepard Lines, which operates the Moses Brown, said the vessel radioed that the flares were dropped while it was en route from the port of Toru on Sakhalin Island to a port in north Korea.

The ship is under charter to the Russians. It was carrying a cargo of coal from Toru.

## Promise Thorough Investigation On Springfield Vice

Springfield, Ill., Sept. 15.—(AP)—A special assistant attorney general promised tonight a "thorough investigation" into reported gambling and vice conditions in Springfield.

Oliver H. Bovik, the special assistant named by Attorney General George F. Barrett to make the inquiry, said he would "begin from scratch" tomorrow.

The Rev. E. E. Bollinger, spokesman for the Springfield Ministerial Association which is conducting an anti-gambling campaign, told Bovik "we hope if there has been any political connivance in connection with gambling that your investigation will uncover it."

"We are going on the basic assumption that where open and brazen gambling is tolerated, there must be some kind of protection," the minister said.

Bovik, at a news conference attended by the minister, said he felt he could "get results, provided we get the cooperation we expect."

Bovik said he would conduct regular hearings but that he did not know who would be called first because he had a long list of names he wanted to look over.

## Illinois Liquor Fair Trade Act Unconstitutional

Chicago, Sept. 15.—(AP)—Illinois' Liquor Mandatory Fair Trade Act was declared unconstitutional today by a circuit court. The ruling apparently removes compulsory minimum prices for packaged liquor.

Lower prices for liquor were predicted as a result of the order, if retailers now can sell at any price they wish.

The ruling outlawing the mandatory fair trade act on liquor was made today by Circuit Judge Harry M. Fisher. Judge Fisher said the order was final. He said there is no provision in the law for an appeal.

Under the act's provisions, liquor manufacturers were required to file minimum prices for all brands. Retailers could not sell at prices lower than the scheduled rates. The act was passed in July 1947.

The use of envelopes for mailing purposes began about 100 years ago.

## United Nations May Handle Berlin Issue

London, Sept. 15.—(AP)—American diplomatic officials said tonight they believe there is little chance of concrete results from the Moscow negotiations over Berlin.

Other responsible diplomatic officials showed a growing belief that the whole issue over the blockaded city will be turned over to the United Nations assembly which meets in Paris next week.

In American quarters it was said the Moscow negotiations are "still alive." The American, British and French envoys in Moscow, it is expected, will have one more meeting with Soviet Foreign Minister V. M. Molotov by next week-end on East-West differences.

Then the major diplomatic activity is expected to shift to Paris where the U. N. assembly meets Sept. 21.

Diplomatic sources said if there seems to be any hope of a settlement after the next meeting with Molotov the matter may be taken up by the four foreign ministers of Britain, France, the United States and Russia who will be in Paris for the U. N. meeting.

## Cinderella Girl Will Wed Wealthy New Yorker Today

New York, Sept. 15.—(AP)—Stephanie Saja and Francis Hitchcock were married tonight in Folkestone, Ga. Hitchcock's attorney said here tonight.

Davens Beach, Fla., Sept. 15.—(AP)—Pennsylvania Cinderella Stephanie Saja and her wealthy fiance, Francis Hitchcock, have scheduled their wedding for tomorrow, it was learned late today.

Hitchcock's divorce from his second wife yesterday cleared a major barrier to their plans, and the couple began making arrangements tonight.

They also were busy, however, investigating another cloud that threatened.

It was a possible perjury probe directed by Circuit Judge C. E. Chillingworth at West Palm Beach after he awarded Mrs. Marie Grammer Hitchcock a divorce decree on a counter suit.

State Attorney Murray Sams at Deland was studying whether perjury action was indicated from the fact that Hitchcock applied for a license to wed Stephanie before his divorce was final.

## Believes Russians Will Try Noted German Secretly

Berlin, Sept. 15.—(AP)—American authorities said they believed an important German official in the Berlin government was to be given a secret trial by the Russians today.

Dr. Curt Mueckenberger, former manager of the Berlin Central Coal organization, was arrested by the Russians a month ago after they had removed him from office for an "uncooperative attitude." Nothing since has been heard from him.

An American announcement said the Russians had no authority to fire an official working for the city government and no authority to arrest him. The statement added that it appeared the only charge against him was his refusal to obey an order which the Soviet authorities were not competent to give.

His trial, however, would be in line with Soviet efforts to squeeze out the regular city government and substitute their own.

## LaSalle County Youngster Wins Chicago Hog Show

Chicago, Sept. 15.—(AP)—A grade school boy from LaSalle county, Ill., brought his bacon to the ninth annual Chicago Junior Market Hog Show today and took home the cash.

Twelve-year-old Russell Kates, a 290 pound Berkshire, won the individual grand championship. A total of 154 boys and girls from Illinois, Wisconsin and Indiana entered 850 hogs in the show.

Kates, an eighth grade pupil at the Grand Ridge (LaSalle county) consolidated school, collected a total of \$413 in prize money for his entry. In addition, he sold the Berkshire to Swift and Co. for \$1.20 a pound.

Young Kates is the son of Mr. and Mrs. Roy Kates, who operate a 160-acre farm near Grand Ridge.

## U. S. Air Force Getting Bigger And Better

Washington, Sept. 15.—(AP)—The United States bomber force is four times as effective as it was two years ago, twice as effective as last year, the man who runs it said today.

Gen. George C. Kenney, chief of the strategic air command, based his estimate on planes, efficiency of operation, and skilled crews.

Kenney said today he would reduce the charge to simply intoxication. Anyway, Bounds said, "it would be pretty hard to find that old ordinance."

Certain Asiatic and African fish can travel overland by jerking themselves along awkwardly on tails, gills and fins.

## International Aspect Uncertain: Marshall

### State Department Accuses Official Of Misconduct

Washington, Sept. 15.—(AP)—The State Department today accused one of its own officials of misconduct because he charged that U. S. security was menaced by communists admitted to the country through the United Nations.

If the charges stick the official, Robert C. Alexander, assistant chief of the visa division, could be fired or otherwise disciplined. Dismissal is considered unlikely, however, in view of his 21 years of service.

Alexander would not comment on today's charges, made in a letter to him, but he said he would fight them.

Alexander, with two other visa division officials, testified before staff members of a Senate judiciary subcommittee two months ago that alien subversives here through United Nations connections were posing a threat to national security.

Secretary of State Marshall told a news conference he knew of no such cases, and named a committee of three civilians to investigate. This committee later reported its findings, calling the testimony lacking in factual support and saying present regulations are adequate.

Further, the committee said Alexander and his associates "had never made a persistent effort" to inform top officials of their fears. Their testimony before the Senate group was termed "irresponsible" in the report.

Today the State Department took action, writing Alexander a letter charging him with misconduct and neglect of duty.

Disciplinary action involves a lengthy and technical procedure, but includes Alexander's right to reply to the charges, and obtain a public hearing.

Alexander's defense was indicated to be based on the contention that civil service employees are entitled to protection against retaliatory action by departmental superiors after they testify before congressional committees.

## Army Will Use Troops To Load West Coast Cargo

By The Associated Press  
The army announced plans Wednesday to use troops, if necessary, to load west coast military cargoes, but Harry Bridges' striking union indicated it would not "stand idly by" if this is done.

The CIO Longshoremen's union, which is boycotting the army's invitation to load piled-up military cargoes for the army, said:

"If any labor union in the country, regardless of affiliation or political or economic views, stands idly by while the army engages in strike-breaking, then the organized labor movement and collective bargaining are on their way to extinction as free institutions."

The 14-day strike of longshoremen has tied up movement of army cargoes to Pacific ports and other shipping. The army decided to recruit civilian employees to load the vessels after the employees refused to deal with the striking longshoremen until union leaders sign non-communist affidavits.

The union boycotted the call because the army is not seeking the workers through union hiring halls. Strikers have been picketing army employment offices.

## Leaders Complain Of Taft-Hartley Labor Law: Brooks

Belleville, Ill., Sept. 15.—(AP)—U. S. Senator C. Wayne Brooks asserted tonight that if it turns out the Taft-Hartley law is injuring labor, "remedial" measures will be sought.

Brooks, in a prepared campaign speech, said that "labor leaders, and not the laboring men and women, complain most about the law."

"Under this law the unions never had so much money in their treasuries, they never had such a large membership or so much work," he added.

"In the course of events if it is proven that inequities and unfair burdens are heaped on the backs of labor and women in labor, remedial action will be taken."

Brooks, who is seeking reelection, said the Taft-Hartley Act was passed at a time when "the welfare and liberties of America were being threatened because of the labor relations."

## WE WOULDN'T WANT TO MISS IT!

State candidates of both parties are on the prowl. Adlai Stevenson, the Democratic candidate for governor, will invade the confines of Morgan county Saturday to pick up as many votes as he can. Mr. Stevenson is a gentleman of scholarly dignity, and we'll be glad to see him. Dwight Green, present governor and the Republican standard bearer in the state campaign, will be along later to try to repair any political damage Stevenson may have done. Mr. Green, too, is a personable gentleman—he is pleasant to meet and Jacksonville always welcomes his visits.

Mr. Stevenson and Mr. Green have been blasting each other in speeches and prepared statements, and no doubt will continue to do so until the people of Illinois take a hand in the matter November 2 and elect one or the other governor. The campaign trail will grow rougher as the two candidates move into the final lap in October. Encouraged by applause of audiences of both parties, Stevenson and Green will slug it out verbally on the platform and in front of the microphone. But we'd be willing to bet a box of campaign cigars that should these two fellows meet face to face, each would smile warmly and grip the other's hand. That is politics American style. It's better than any other brand on the market in any section of the world.

Citizens of Morgan county and Central Illinois are preparing to pay close attention to campaign oratory during the next few weeks. They will read the newspapers with more than usual zest, following the course of candidates Dewey and Truman as they swing around the country, speaking on behalf of their candidacy for president. These are stirring times on the domestic front. All Americans interested in the welfare of their country, now beset by problems at home and abroad. Most of them have definite opinions as to which individual or which party is best equipped to tackle these problems. The American people are justified in getting steamed up every four years. It's presidential election time—the stakes are high and every citizen has a role to play.

Get into the spirit of the election campaign. Read, listen, do some campaigning if you wish. Whoop it up, for October will slip by quickly and it will then be almost time to visit the polls. See that you are properly registered in your home precinct. General registration day at the polls is October 5. We've got a president, governor, and many other officials to elect. The election campaign is business—serious, highly important business—but it's a heap of fun!

EMPORIUM

Raymond C. Gordon  
Takes Bride In East  
Pennsylvania  
Girl, Former  
Local Man Wed

A wedding of interest to Jacksonville residents was recently solemnized in Philadelphia when Elizabeth Louise Stewart of Villanova, a suburb of Philadelphia, became the bride of Raymond Carlton Gordon, son of Mr. and Mrs. C. O. Gordon of this city.

The home of the bride's parents, Pear Grove House, was the scene of the lovely double ring ceremony which was held late in the afternoon, amidst a beautiful arrangement of white gladioli, delphiniums, ferns, and candelabra. Nuptial music and traditional marches were played by a trio of musicians.

Dr. Andrew Mutch, pastor emeritus, and Dr. Rex S. Clements, pastor of the Bryn Mawr Presbyterian church of Philadelphia, received the vows before a group of intimate friends and relatives.

Given By General  
Miss Stewart was given in marriage by General William J. Donovan of New York, wartime head of the Office of Strategic Services.

The bride was lovely in a white satin gown which had been her mother's. Trimmed in heirloom lace and pearls, it fell in train. Her floor length veil fell from a cap of rare lace and orange blossoms. She carried a bridal bouquet of white gladioli and stephanotis centered with white orchids.

Proceeding the bride into the living room was the flower girl, four-year-old Patricia Donovan, the general's granddaughter, who wore a floor-length light blue net dress over tulle and carried a colonial bouquet. She was followed by her mother, Mrs. David Donovan, bridesmaid. Mrs. Donovan and Mrs. Jeanne Stewart, matron of honor, wore identical gowns of delicate pink net over tulle with bouffant skirts, and carried shower bouquets of pink roses.

Congressman as Attendant  
Congressman George Smathers, of Miami, Florida, served as best man. The bride's mother, Mrs. John Gammon, chose to wear for the wedding a black lace gown with an orchid corsage. The groom's mother, Mrs. C. O. Gordon, wore a sheer black and white print crepe with black accessories and an orchid corsage.

Immediately following the ceremony a reception was held for friends and guests on the terrace and lawn. A three-tiered wedding cake centered the bride's table, which was banked by a beautiful floral background and lighted tapers.

Mr. and Mrs. Gordon left for their honeymoon at the Cloisters, sea island, off the coast of Georgia. For traveling the bride chose a dress-maker suit of light blue linen, with which she wore pink accessories, a tuxedo flower trimmed hat, and an

## orchid corsage.

Former Magazine Editor  
The bride is a graduate of Wellesley college. Prior to the war she was an associate editor of the Ladies' Home Journal. During the war she was a captain in the Marine corps, and was in charge of public relations for women, with headquarters in Washington, D. C.

The groom is a graduate of Jacksonville high school and Illinois college. Since the war he completed a post-graduate course in advanced business administration at Harvard. He was a Naval pilot with overseas duties in the South Pacific, and attained the rank of captain. At present he is office manager and assistant operation manager of the accessory division of the Philco Corporation in Philadelphia.

Alexander Club  
Holds Annual  
Flower Show

The annual flower show of the Alexander Country Woman's club took place at the home of Mrs. Auscho Lloyd.

The roll call topic was "My Favorite Flower." Mrs. Maud Wiley conducted a round table discussion entitled "Over the Garden Fence." Mrs. Clara Camm was prizewinner.

Miss Mary Weiser was welcomed as a new member. A social period followed, during which refreshments were served by the hostess. Guests present were Mrs. Bert Currier, Mrs. O. E. Ryan, Mrs. Arthur Webster and daughter, Alma Kay, Mrs. A. Frankhauser and daughter, Donna Dean, Miss Leone Ryan and Barbara Camm.

The next meeting will be held Oct. 14 at the home of Mrs. Grace Reiser.

For Mrs. Williams

Chandlerville — Mrs. Mary Jane Williams, 76, died Tuesday at 2 a. m. at her home in Chandlerville as the result of a paralytic stroke suffered two weeks ago.

Mrs. Williams was the daughter of James Albert and Rachel Combs Oleson and was born on April 29, 1872. She was united in marriage to Curtis Williams on March 17, 1896, and to this union was born nine children.

Eight of the children survive. They are Milton of Jacksonville; Mrs. Esther Cox and Woodrow and Walter of Virginia; Hershel of Chandlerville; Mrs. Sylvia Gilpin of Norris; Mrs. Myra Farrar of Rushville and Mrs. Elizabeth Crouse of Ashland.

There are also 38 grandchildren, 14 great grandchildren, and one brother, Edward Oleson.

Right now you should have a new portrait. Your family and friends want it—business often demands it.

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS  
and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Poor Appetite, Underweight, Dizziness, Spasms.  
**Drugless Health**  
REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now have relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from earth. Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs. NO dope—is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments—highly recommended by the medical profession. FOR THE LAST 25 years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.  
**Amazing Results**  
MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.  
RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.  
**Wonder Minerals**  
YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thonon in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.  
GEO-MINERAL contains minerals you get at the world's best. **WARGA'S DRUG STORE, Jacksonville, Illinois.**  
Mail orders to above address—add 10c for postage.

**100% Guaranteed!**  
WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.  
REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!  
TRY it today! It may do wonders for you and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

**Read What They Say!**  
"We wish to state that after selling GEO-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C.  
"Users report almost miraculous results, helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the drugstore shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."  
springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL!

## \$15,000 Damages Asked For Boy's Death In Crash

Virginia—A suit was filed in Cook county circuit court Sept. 11 by Attorney E. C. Mills, representing Elmer C. Reichert, administrator of the estate of Norman Lee Reichert, vs. L. Alice Oliphant. Damages in the sum of \$15,000 were asked.

The suit is the result of an accident which occurred here March 28, 1948, in which Norman Reichert was riding a motorcycle traveling in a southerly direction on Route 78 near the intersection of South Main street and Dr. Oliphant was traveling in a northerly direction in a Plymouth coupe, when she allegedly turned left crossing in front of Reichert. His cycle struck her car, throwing him to the pavement causing head injuries, as a result of which he died the same day.

## Chief Engineers Attending School At University

Chief engineers from state power plants are going to school at the University of Illinois this week in order to become teachers.

Thirty-four chief engineers registered at the university extension service at Urbana Monday prior to beginning an intensive five-day training course in power plant operation and maintenance. The engineers will be provided with training materials and methods for developing the employees under their supervision in on-the-job instruction.

A. Wayne Daily, supervising engineer, department of public welfare; Clark Hadsell, School for the Blind; William Hogan, School for the Deaf; and Clarence Wooten, state hospital, attended the conference from Jacksonville.

The Illinois civil service commission arranged the workshop, which is being conducted by the university extension service and college of engineering.

The chief engineers' average length of service with the State of Illinois is 22 years. The majority began state employment as stationary firemen, farm hands, and laborers.

## Alleged Shotgun Attack Leads To Court Complaint

A state warrant charging Julius Powers of 333 West Dunlap street with assault with intent to commit murder was sworn out Wednesday as the aftermath of a shooting which occurred Tuesday afternoon near West Lafayette avenue and North West street.

The complaint was brought by Nathaniel Watson, Jr., of Springfield, said to have been the target of a shotgun blast fired by Powers. The charge from the shotgun missed Watson, who escaped injury.

The trouble took place about 3:25 p. m. after which Powers was placed under arrest by officers Wilson and Runkel. Later in the afternoon Watson was taken to the police station by Chief Kiloran and Officer Spreen and Smith, for questioning.

Considerable excitement resulted in the neighborhood from the noise of the shotgun. Both of the principals in the case are negroes.

Both men were taken into court of Justice C. S. Smith at 10:30 a. m. Wednesday. Powers' case was continued until 10 a. m. Thursday, the sum of his bond being fixed at \$1,000. Watson was released on his own recognizance to appear as a witness.

### Brother Of Durbin Woman Succumbs

Mrs. Charles Gibson of the Durbin community has returned from Hanover, Mass., where she attended funeral services for her brother, George McNarr, who died at a hospital in San Paulo, Brazil. Mr. McNarr was a construction engineer for the General Motors Corp.

Several from here attended the burial rites held in Monticello, Ky., for Mrs. Sarah Twyford, mother of Hubert Twyford of this community.

### Plans Under Way For Chapin Church Burgoon Sept. 24

Chapin—Plans are under way for the Christian church burgoon, which is to take place on Friday, Sept. 24. Various committees have been appointed to complete arrangements for the event.

The solicitors are Mable Bobbitt, south; Edna Obert, north; Lois Williams, east; Ada Rolf, west; and Nettie Depner, Ruth Hutches, Marion Mattes, Shirley Baker, Laura Medlock, Betty Hymes, Aileen McKinley, Anna Mae Hymes, Mardelle Rigor and Cordella Hymes, in town.

### NORTHMINSTER PARENT TEACHERS CONFERENCE

All parents and teachers of Northminster church are meeting on Thursday night at 7:30 for the distribution of new curriculum material. Parents who have children attending Sunday School through the high school age group are to meet with the teachers in order that matters pertaining to the new materials may be thoroughly discussed. The pastor will lead this very important meeting which calls for cooperation on the part of the entire Sunday School membership.

### Births

Mr. and Mrs. Gerald Alred of Waverly are parents of a son born at Our Saviour's hospital at 11:13 p.m. Tuesday. The weight was seven pounds, 12 and one-half ounces.

### Two Cars Damaged On Vandalia Road

Two automobiles were damaged and several of their occupants were shaken up in an accident Tuesday noon on Vandalia Road, a short distance east of South Main street.

Arthur Reeve, 840 Grove street, was traveling west in a 1936 Ford, and Lyle Lowe, 1215 West College avenue, was driving east in a 1947 Ford.

It was reported that the Reeve car struck a rough place or depression in the street, causing it to swerve sharply. The collision with the other car resulted.

Sheriff Bourn and Deputy Sheriff Andrews visited the scene of the collision. The cars did not overturn.

Palm oil is used in the steel industry in tin plating and cold rolling sheet steel.

### Phyllis Mattes, Henry Brickman Wed at Chapin

The Christian church at Chapin was the scene of a pretty wedding ceremony Aug. 29 when Miss Phyllis Jean Mattes, daughter of Mr. and Mrs. Henry Mattes of Chapin, became the bride of Henry Earl Brickman, son of Mr. and Mrs. Arthur A. M. Weldge of Elkhart, Ind.

Mr. and Mrs. Henry Brickman

The double-ring service was performed by the Rev. Fred Wilson, pastor, before an altar adorned with huge baskets of gladioli and ferns. A prelude of nuptial music was presented by Mrs. Fred Schultz, who also played the traditional wedding marches and served as accompanist for Fred Schultz as he sang "Because."

### Attended By Sisters

The maid of honor was Miss Frances Mattes, sister of the bride. Another sister, Miss Mary Mattes, was the bridesmaid. Serving as best man was Arthur Brickman, brother of the bridegroom. The groomsmen were Kenneth Mattes, brother of the bride.

The traditional wedding gown of white satin was worn by the bride.

who was given in marriage by her father. The gown featured a fitted bodice, long sleeves tapering to points over the hands, and a flowing train, edged in lace.

The blusher veil of sheer illusion, also edged in lace, was held in place with a pique bonnet. As her only jewelry, the bride wore a single-strand pearl necklace, given her by the groom. The bridal bouquet was of white roses.

### Carry Rose Bouquets

The gown worn by the maid of honor was of pale pink. She carried a bouquet of pink roses. Dawn blue silk fashioned the gown of the bridesmaid. Her bouquet was of red roses.

The bride's mother chose a black dress of lace and net, with which she wore accessories of white. Brown silk with matching accessories formed the ensemble of the bridegroom's mother. Both had corsages of white roses.

A reception at the home of the bride's parents followed the wedding. The serving table was decorated with flowers and held an attractive three-tiered wedding cake.

As the couple departed later in the evening, the bride wore a taube dress, with wine accessories. Upon returning from their wedding trip, the couple will be at home at 6316 South Greenwood avenue, Chicago.

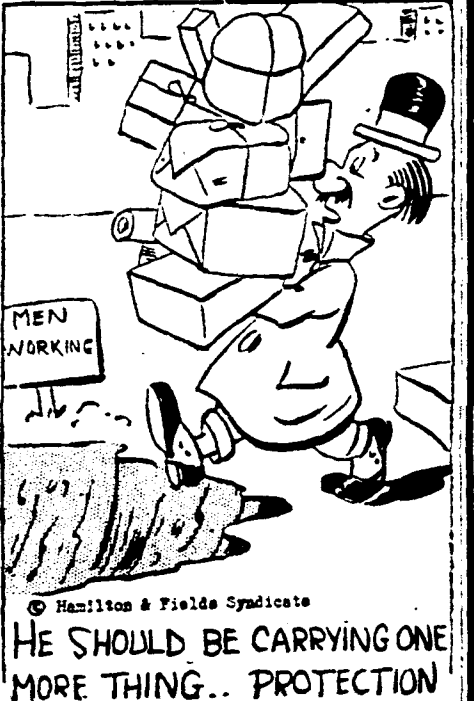

### Woodson Sunday School To Resume Old Time Schedule

The Sunday school classes of the Woodson Christian church, which during the summer months, have held their sessions at 8:45 a. m., will return to 9:45 a. m. meeting time Sunday, Sept. 26.

Announcement of the change in schedule was made at a meeting of the teachers and officers of the school. Plans were also formulated for activities during the fall and winter months.

Clarence Adams is superintendent of the Sunday school and William Fanning is the assistant superintendent. The enrollment in the school has doubled during the past two years.

## Keep it on the tip of your tongue— "Lubri-tection"!

It's the big word that ought to be in every Motorist's car and Vocabulary—  
**Phillips 66 Premium Motor Oil!**

Sure, it takes a special word to describe Phillips 66 Premium—for this is no ordinary kind of motor oil.

You get lubrication plus protection with this oil! It's expertly refined from some of the finest crudes—but that isn't all. We then add inhibitors designed to cut down the harmful sludge and engine deposits that so often run up repair bills and cut down power!

Yessir, mister—that's a good word to remember for the good of your motor—"Lubri-tection"! Just ask for Phillips 66 Premium Motor Oil next time!

**PHILLIPS 66 PREMIUM MOTOR OIL**

\* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

3 YEARS TO PAY

Have Iron Fireman heating now and enjoy true home comfort as you pay.

The new down-draft air jet in combination with long life nickel-chrome venturi tuyeres creates a brilliant radiant flame for unexcelled heating.

Today's superb Iron Fireman coal stoker is the cumulative result of 25 years of pioneering and leadership in its field. It embodies principles of design and construction not found in any other coal firing equipment. As a result of these unique Iron Fireman developments your Iron Fireman stoker not only gives you better automatic heating than you've ever known but it also gives you greater economy.

The new down-draft air jet saves as much as one-fourth of your fuel.

Many stoker fired homes that formerly used 12 tons of coal in a season now actually get better heat with 9 tons.

New retort tuyeres have 5-year factory warranty—further evidence of Iron Fireman's long life and dependability.

Iron Fireman day-night Syncoast controls regulate home temperatures precisely—fuel-saving temperature at night, comfortable day-time temperature when you wake up. It's all automatic.

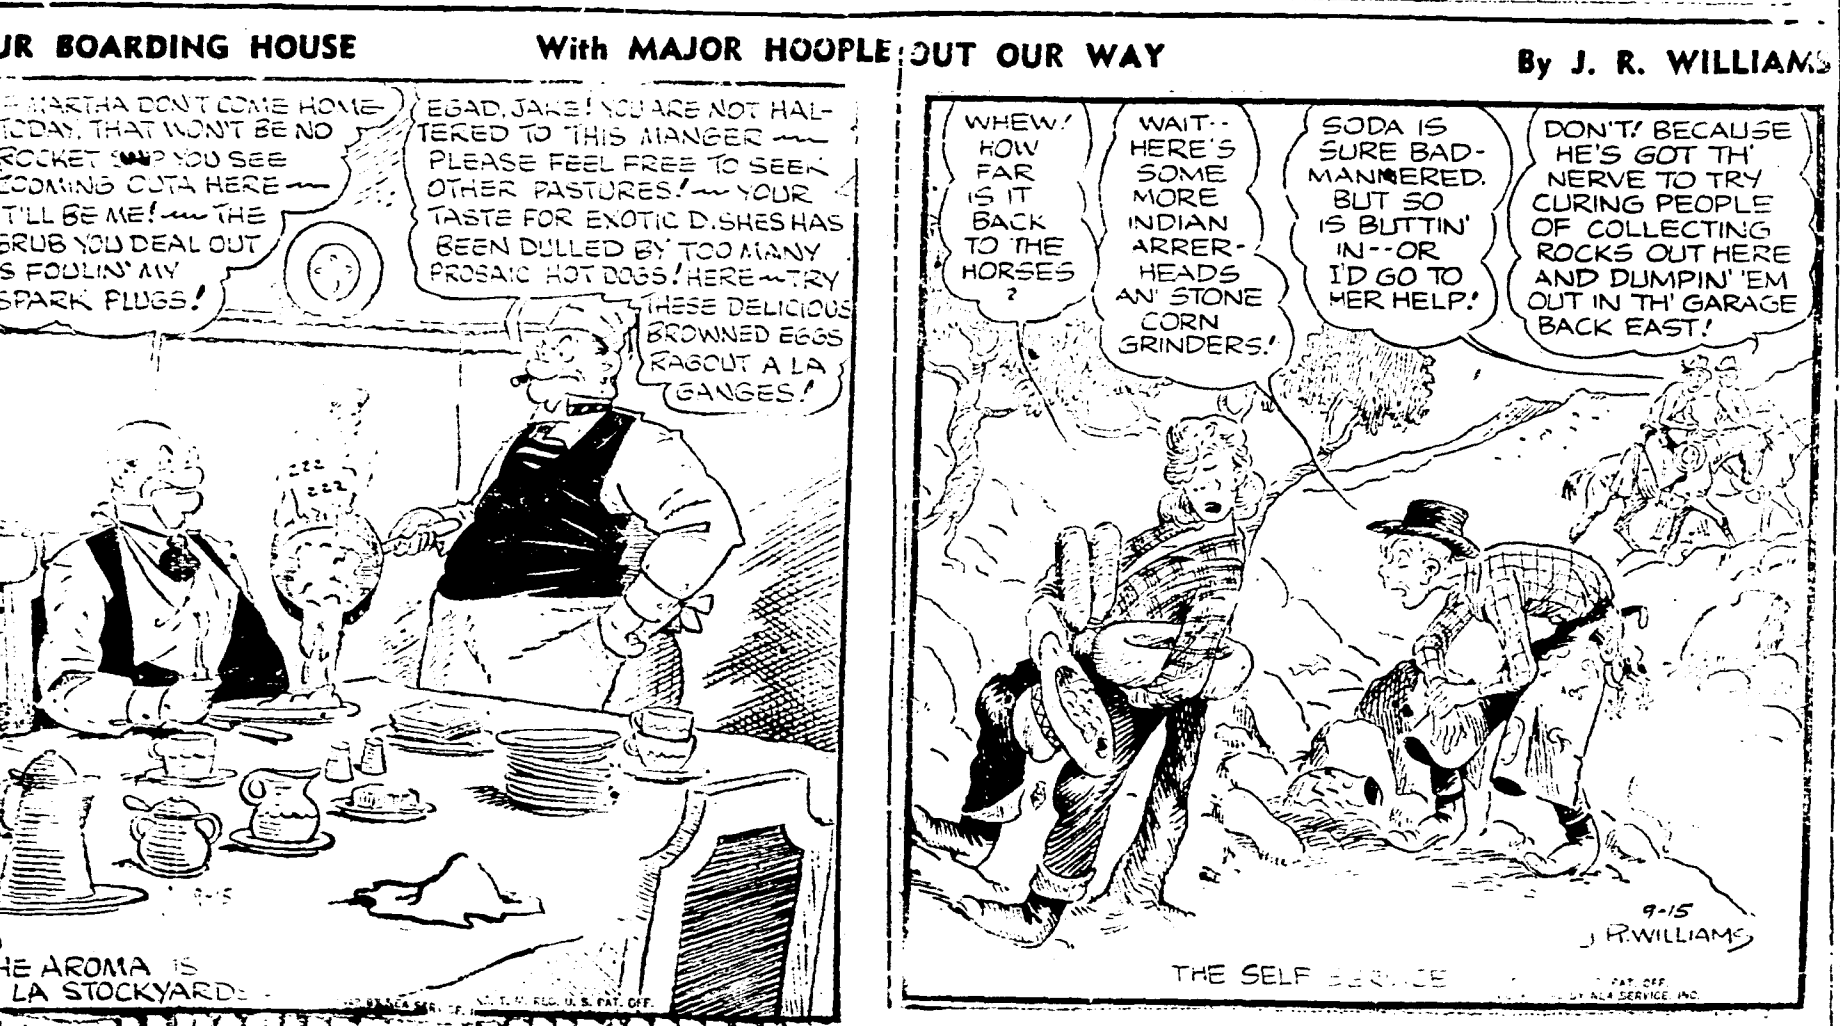

Coal-Flow and hopper models for bituminous and anthracite coal, and self-firing furnaces and boiler units with built-in Coal-Flow stokers. Come in, phone, or mail coupon.

**THE STORY:** Dying in the Indian desert, British secret agent Hilary Shenstone feels a desperate need to get back to England and to his family. His family home, he doesn't know the house has been let and that dreamy, 17-year-old Sabrina, whom he never met, has adopted his old room and eagerly awaits his return. Hilary does return to England and to Nana Farthing—after death. When he sees Sabrina, he realizes she is the girl he would have loved if he had lived. Hilary's room is locked after George, his brother, brings word of his death. Sabrina broods. Hilary tries to persuade Mrs. Pitton, the housekeeper, the one person aware of his presence, to let Sabrina into the room again.

**XXIII**

It seemed to Sabrina a long time since she had first picked the lock of Hilary's room. Did his being dead now make all the difference between a room you could break into and a room you must leave locked? It was still difficult to think of him as dead.

Slowly she groped her way to illumination. In the room he wasn't dead. Something of him, waiting for her. Slowly the conviction grew that since George's visit—since a little before George's visit Hilary had seemed nearer than during the spring, while he was still alive. It was as though Hilary dead was nearer.

Wandering aimlessly along the border one morning with Muffin, a new kitten, under her arm and the warm July sun glinting on her fair hair, Sabrina began to see daylight in darkness. Why, then, it wasn't going to be so bad, after all. He was not entirely lost just because his thick-necked, thick-skinned brother drove up out of the blue to say he had been killed out in India.

She had come to a standstill, gazing blindly at the dark red Richmond roses, which were a little heavy on their stems in the hot sun. There ought to be Richmond roses in Hilary's room.

"I may be wrong to let you have it," said Mrs. Pitton. "But he doesn't want you to be shut out." "Oh—how do you know?" gasped Sabrina.

"It's hard to say, sometimes, how you know things," Mrs. Pitton turned back down the stairs. Sabrina caught up.

"I only wanted to air out the room a bit," she began inadequately, and broke off, staring at the key in the housekeeper's outstretched hand. "Oh, Mrs. Pitton, it is nice of you!" She scrambled to her feet and took the key, and then, bending from the top step, put her arms round the woman's shoulders and kissed her cheek. "I can never thank you enough!"

"I may be wrong to let you have it," said Mrs. Pitton. "But he doesn't want you to be shut out." "Oh—how do you know?" gasped Sabrina.

Muffin and the drooping roses. The key turned in the lock and the door swung back under her hand.

For a moment she seemed about to cry out after Mrs. Pitton. She herself had seen George at the window drawing the curtains while the dust-sheets glimmered eerily in the sudden twilight. But now sunshine flooded the window seat as usual and the shrouds had all been removed from the furniture and laid in a neatly folded pile in the corner.

"Sorry," said Hilary with real contrition. "My first mistake."

He slipped past her into the room.

.....

SHE came in very slowly and shut the door and stood against it. Her eyes were unusually wide and blue, but she didn't look at all afraid.

"Hilary—" she whispered, holding tight to Muffin and the roses. "Where are you? I can't see you—I can't hear you—but I know you're here in this room. But how do I find you?"

"You can't," he said, standing still by the mantelpiece, watching her. "Not yet."

"Hilary—" (From where he stood half way across the room he could see the tiny pulse which beat in her thin throat.) "Hilary—who are you?"

"I am the man you would have married, if things hadn't gone wrong," he told her simply.

But her eyes went past him and her next words took no notice of his.

"Can't you talk to me?" she begged.

"Evidently not yet," he said, and wondered why, when they were already so close.

"Hilary, I'm afraid!"

"Not of me."

"I'm afraid of living—if you're dead. They'll always try to separate us."

"They can't do that. Nothing can."

"What did you say, Hilary—say it again—I nearly heard."

She glanced back suddenly at the door behind her. Mrs. Pitton, who had given her the key—he doesn't want you to be shut out. . . . Then Mrs. Pitton must know. (To Be Continued)

## Morgan Cancer Society Holds Annual Meeting

### Auto Dealers To Sponsor Local Safety Committee

The Jacksonville Auto Dealers association, at its meeting at the Jaycee restaurant, voted to sponsor the formation of a local safety committee, to be operated cooperatively with the state and national committees.

Also adopted at the meeting were rules and procedures for extending credit by members of the association, and for the exchange of credit information among members.

Reports showed that approximately 95% of the credit accounts were promptly settled, or paid in accordance with the credit agreement, and that only about 5% of the credit accounts needed watching.

The members decided to notify all their delinquent accounts in order to give them an opportunity to reestablish their credit information among members of the association.

Ray Eldridge, new Mercury dealer, was admitted as a new member. He is the 15th member admitted to the association, giving it a 100% of new car dealers.

Those present at the meeting were Frank Corrington, president of the association; George T. Lukeman, Jr., vice president; Hayden Walker, secretary-treasurer; Claude Wilson, representing Tom Cornish; S. E. Brummett; C. W. Thurn, representing the Longstaff Motor Co.; and Pat Longstaff, representing E. W. Brown.

### Mrs. Ralph Withee Elected President Of Local Sorority

The Gamma and Si Alpha Upsilon Chapters of Beta Sigma Phi opened the fall season with a potluck supper Monday evening at the home of Mrs. Charles Viera.

During the brief business session the club elected Mrs. Ralph Withee, Jr., president of Gamma Chapter, to succeed Mrs. Merle Wade who had resigned due to poor health. Mrs. Thomas Svob was elected corresponding secretary. Mrs. Richard Denny was delegated to the Beta Sigma Phi City Council.

Miss Naomi Wood reported on the rummage sale recently held by both chapters. Mrs. Charles Viera, vice president of Gamma Chapter and rush captain, reported on tentative plans for the season's rushing. The remainder of the meeting was spent socially.

Members present included Misses Verna Butcher, Janet Powell, Edith Ruyke, Mary Wolfe, Naomi Wood and the Mesdames Elbert, Brasel, Richard Denny, Jay Hamilton, John May, Frank Moffett, Eulalia Ryan, Thomas Svob and Charles Viera. Miss Julia Williamson was a guest. The next meeting will be held Sept. 27 at the home of Miss Naomi Wood, West College avenue, Jacksonville.

### Alice E. Haywood Of Virginia Dies Here Wednesday

Virginia—Mrs. Alice Elizabeth Haywood died at 2:15 Wednesday afternoon at Passavant hospital, following an illness of six months. Prior to that time, she had assisted in the management of the Virginia hotel for the past five years.

She was born in Farmersville on July 25, 1900, the daughter of Mr. and Mrs. Charles H. Murphy.

Among her survivors are her husband, J. S. Haywood, of Virginia; her daughter, Alice Caroline Haywood of Virginia; her mother, Mrs. Charles Murphy, and one brother, Brian Murphy, both of Farmersville.

Friends may view the remains at the Haywood apartment in the Virginia hotel from Thursday afternoon until time for services to be held at 1:30 p.m. standard time Friday at Virginia Methodist church. The Rev. H. F. Higgins will officiate. Burial will be at Virder.

### Social Events

#### Acadia Woman's Club Holds Fall Meeting

The September meeting of the Acadia Woman's club was held recently at the home of Mrs. Betty Henderson, the president.

Seventeen members and two guests heard the program presented by Mrs. Mary Dinwiddie, an honorary member. The theme of the entertainment was "Fun and Frolic."

Mrs. Martin Burmeister and Mrs. Mary Olroyd were guests. The next meeting will be on Oct. 13 with Mrs. Marie Rolf.

#### ATTENTION VOTERS

Registration is necessary in order to vote at November 2nd Election. If not previously registered, voters may register at the County Clerk's Office from now through October 4th.

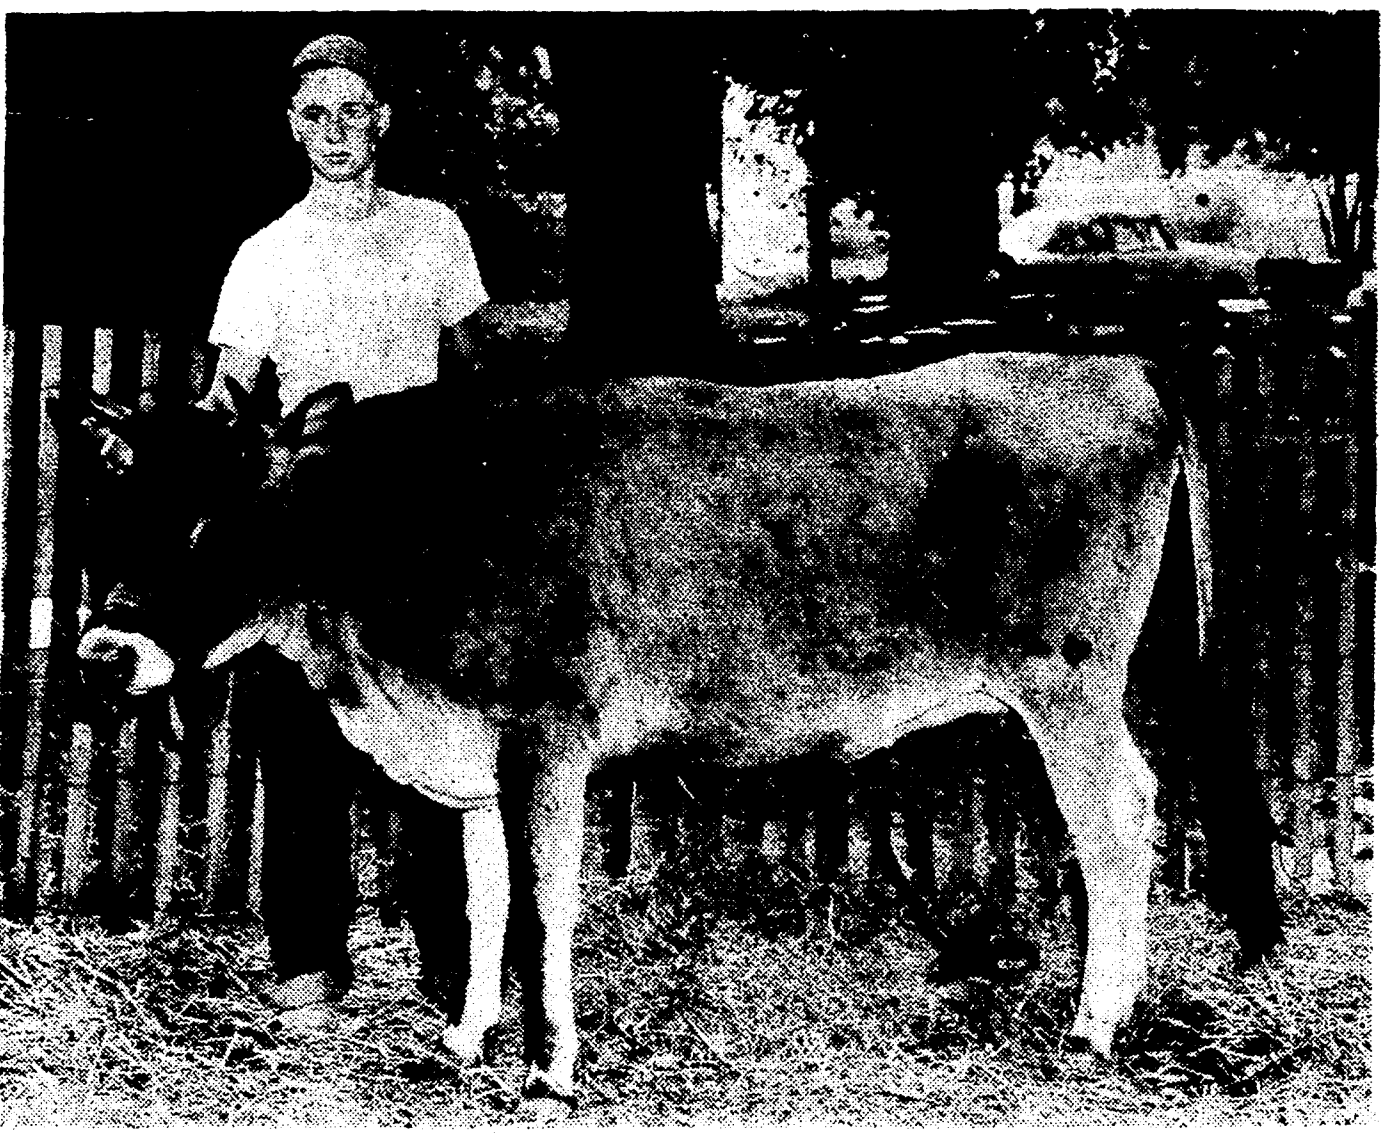

Tuesday, October 5, 1948, has been designated as Registration Day in each Voting Precinct of the County. This will be the last opportunity to register before the Election, or to transfer to new address, if same has been changed, or to re-register in case name has been changed.

George T. Douglas  
County Clerk

### Burial Rites Here Friday Afternoon For Laura Meagher

Mrs. Richard Meagher, the former Laura Boylan of this city, died Wednesday morning in Clinton, Illinois, after a long illness. She and her husband resided here for many years, but made their home in Clinton for the past several years.

Besides her husband, she is survived by four sisters and one brother: Miss Mae Boylan of Jacksonville, Mrs. Teresa Kennedy of Springfield, Mrs. Nell Skinner of Chicago, Mrs. Dorothy Conklin of Ohio.

Funeral services will be held at St. Mary's Church in Clinton, on Friday, Sept. 17 at 10:00 o'clock. Burial will be at Jacksonville in Calvary cemetery Friday afternoon at approximately 1:30 p.m., daylight time.

### Waverly Lutheran Church To Observe Mission Festival

The Rev. Edward J. Schick, pastor of the Christ Lutheran church at Waverly, announces that special services will be held at the church on Sunday, Sept. 19, in observance of the annual mission festival.

The first service will be held at the usual hour, 9 a.m., at which time the Rev. Mr. Schick will deliver a sermon on "Evangelism."

The speaker for the afternoon service, which is to take place at 2 p.m. standard time, will be the Rev. Luther Steiner, pastor of the Zion Lutheran church at Carlinville.

The public is cordially invited to these services.

### Grand Jury Will Enter Session At Virginia Oct. 4th

Virginia—The Cass county grand jury list has been announced for the fall term to convene the first Monday in October.

The list includes Harold Kruse, Grace Carl, Arenz township; W. R. Lohman, Margaret Hager, Ashland township; A. C. Brase, Everett E. Hale, Mable Roberts, Beards town township; Louis Sweetman, Irene S. ### Dry, Hot Weather Matures Soybeans; Combining Begins

With another clear day with temperatures in the eighties forecast for Thursday, the bumper corn and soybean crops of Morgan county are ripening at an amazing rate.

Already a few combines are busy in Morgan county. The beans were surprisingly dry. The majority of fields need a little more time, but with favorable weather the harvest will be in full swing within the next two weeks.

A couple of farmers began combining Tuesday. More of their neighbors started Wednesday.

Clyde Mason of the Strawn Crossing neighborhood hauled in the first load of 1948 soybeans brought to the Strawn Crossing elevator. His early planted Lincoln beans ran a little smaller in size than usual, but were extra dry, with only 10.44 moisture Tuesday afternoon.

Clyde V. Sturdy, elevator proprietor, observed that Mr. Mason was the first farmer in his area to combine beans last year.

### Christmas Seal Leaders Confer On 1948 Plans

The Western Illinois Christmas Seal sale conference took place Wednesday at the Dunlap hotel. Twenty-two seal sale workers from eight local tuberculosis associations were present.

Jacksonville was represented by Mrs. Florence M. Stone, Mrs. Helen C. Foreman and the Rev. McKendree Blair. Rev. Blair is president of the Morgan County Public Health and Tuberculosis association and Mrs. Foreman is seal sale chairman.

The conference, which got under way at 9:30 a.m. and continued through the larger part of the day, was sponsored by the Illinois Tuberculosis association.

Staff members of the association were on hand to discuss seal sale procedures and methods. Also discussed were compiling a list of names, writing the letter inviting purchases, mailing methods, and publicity.

The 1948 Christmas seal sale will begin Nov. 22.

### Herbert J. Capps Final Rites Held Here Wednesday

Services in memory of Herbert J. Capps, well-known resident of this city, were held Wednesday at 4 p.m. at Westminster Presbyterian church.

The rites were conducted by the Rev. Arthur F. Ewert, assisted by the Rev. W. C. Meeker. Music was furnished by Dr. Ralph Robbins at the organ, with Mrs. Clara Moore Neils on the violin.

The numerous floral tributes were cared for by Mrs. M. C. Hook, Mrs. Paul Black, Mrs. Ralph Cowgur, Mrs. Walter W. Wright, Mrs. Richard Arnold and Miss Jeanette Powell.

Honorary pallbearers were Clifford Sibert, Eldridge Sibert, Dr. L. E. Staff, Philip Bradish, Richard Macklin and Roland E. Stocker.

## Meredosia Meeting To Organize Fire Corps Next Week

Meredosia—The board of trustees of the village of Meredosia met Monday evening at the Village Hall.

At this meeting Harry Leffer was hired as village marshal to replace Albert Rausch. A committee of the Meredosia Sportsman's Club met with the board to discuss the re-organization of the Volunteer Fire department and it was decided to call a public meeting in the high school gymnasium on Sept. 22 for organization and election of officers.

Hurt In Accident  
C. M. Hobbs of Meredosia is in Alton hospital with serious injuries suffered in an auto accident while enroute to E. St. Louis with his sons and daughter-in-law. Wayne Hobbs and his wife were less seriously injured and O'Neil Hobbs escaped injury.

The family was enroute to E. St. Louis after attending the funeral of Mr. Hobbs's wife here.

Merle's Cafe here is closed temporarily due to the illness of the owner, Mrs. Merle Reining. Mrs. Reining is at the home of her daughter, Mrs. Robert Pool of Chambersburg, where her condition has shown little improvement.

## Annual Convocation Held By MacMurray

The entire student body of MacMurray College assembled in convocation at Grace Methodist Church Wednesday evening. After worship services and greetings to the returning students and faculty, President McClelland gave the convocation address on the subject, "Where Salvation Lies."

Dr. McClelland spoke of present-day concern with the question of what hope there is for civilization. He referred to this week's Town Meeting of the Air, when four eminent scientists discussed it, and three agreed that somehow man's higher nature must be developed and nourished, and his selfishness, greed and preoccupation with material things overcome.

He also quoted from Charles A. Lindbergh's new book, "Flight and Life," to the effect that science has become the victim of its technological advances, and if we do not control science by a higher moral force, it will destroy us.

Salvation Through Religion  
"Mr. Lindbergh said that the salvation of civilization lies in religion, in the application of the eternal truths of God, and so I say that, as individuals, our salvation lies in religion properly understood and applied."

"I think it is a great mistake to speak of science and religion as though they were antagonistic," Dr. McClelland submitted. "It is sometimes said that the difference between science and religion is that science deals with facts, while religion deals with values, as though facts were just ordinary things but values of a much higher order. Such a distinction is nonsense. The facts which science discovers are of very great value. They are values."

Science Seeks Order  
"The scientist himself moves in the realm of values. His disinterested devotion to truth, his insistence upon accurate observation and calculation, his belief that law and order prevail in the physical universe, and the way all his work is based upon these beliefs—the values—are the values of a very high quality. Of course, the facts which the scientist brings us may be a blessing or curse, depending upon what is done with them. They may be used for atomic bombs or biological warfare."

Religion Affirms Principles  
It is in religion that we learn how to use our knowledge, Dr. McClelland said.

"Religion affirms and reveals that there is a spiritual and eternal world to which men are able to ascend in heart and mind, in which the living principles of goodness, beauty, truth, faith, hope and love, which are really attributes of God, prevail. Religion also says that we can enter into personal relations with God who is the embodiment of these qualitative, eternal values. We can speak to him with the assurance that he hears us."

Special music for the occasion was furnished by Delwin M. Shaw, violinist, and by Wilbur Sheridan, organist, both of the MacMurray musical department.

## Dossel Funeral Services Sunday At White Hall

White Hall—Funeral services for Mrs. Ella M. Dossel will be held at the Dawdy funeral home at 1 p.m., standard time, Sunday. The Rev. Father Pydon of Murrayville will officiate and burial will be in White Hall cemetery.

Mrs. Dossel arrived here Wednesday from Little Rock, Ark., where she died Tuesday morning at the home of her son, Carl Dossel. She had lived there since December.

She was a member of the All Saint's Catholic church of White Hall and was a charter member of the White Hall Legion Auxiliary.

She is survived by her son, Carl, and three sisters, Mrs. Margaret Brocking of Carrollton, Mrs. Julia Wise of White Hall and Mrs. Mary Brantzel of Davenport, Iowa.

## Dental Surgery Room Provided At Our Saviour's

Our Saviour's hospital now has a dental operating room for the first time in its history. The new room, which was equipped through cooperation of the Morgan County Dental society, contains an operating chair, dental unit, operating lights and other necessary equipment for dental surgery.

Sister Claudine, in charge of Our Saviour's hospital, announced Wednesday that the room is now in readiness and is at the disposal of local dentists for hospitalization cases.

"The Sisters of the Holy Cross are extremely grateful to the dental society for its contribution," Sister Claudine stated. "We feel the surrounding area will profit by this generous contribution to the hospital."
